

DREAM NEWS

Message from the President & CEO

Quality, Sustainability and Growth is our business philosophy, yet to support this high level theory, many factors have to be considered such as market trends, innovation and moving with technology. Dream Group fully understands this theory and as such dispatched the QZS Divisional Manager along with the Group General Manager to attend the Worlds biggest Cleaning Show in Amsterdam in Holland.

Many contacts were made with new business ideas gained which in time will save significant costs but also generate a new cleaning business opportunity. So we all look forward to the implementation and new opportunities to be launched in the very near future. Good luck to all concerned!

On the home front, it is great to see even more contracts won by our fastest growing company I Pest Control (IPC). Great work keep the contracts coming!

I trust you find this month's issue interesting and look forward to advising you more of the exciting times in Dream Group in the coming months.

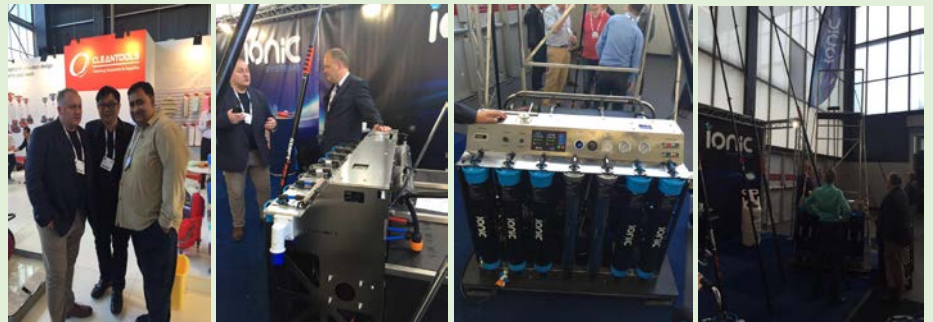

Jamal AlKooheji
President & CEO
